Macaroni Wheat.

I have 400 or 500 bushels of Macaroni wheat of the "Mohamud Ben Baohir" variety, of a very good quality, which will sell at \$1.00 per bu., sacked F. O. B. cars at Dodge City. Sow in Spring same as oats or barley. This wheat sells for \$1.50 at seed houses. Send in order. First come, first served. Address or call on me to save freight.

11 miles north of Dodge City, Kans. 47.

H. F. Millikan and L. J. Pettijohn have been re-appointed as Register and Receiver of the Land Office at Dodge City. This is an appointment which will meet with the hearty approval of the people of this District. Mr. Millikan and Mr. Pettijohn are competent obliging officials and are highly qualified for the positions to which they have been appointed. —Jetmore Republican.

A Modern Miracle.

"Truly miraculous seemed the recovery of Mrs. Mollie Holt of this place," writes J. O. R. Hooper, Woodford, Tenn. "she was so wasted by coughing up phlegm from her lungs. Doctors declared her end so near that her family had watched by her bed-side forty-eight hours; when, at my urgent request Dr. King's New Discovery was given her, with the astonishing result that improvement began, and continued until she finally completely recovered, and is a healthy woman today." Guaranteed cure for coughs and colds. 50c and \$1.00 at Rath & Bainbridge, Druggist. Trial bottle free.

W. P. Bunyan, of Fowler, who is well known here, has sold 1200 acres of his land to W. A. Cline, of Des Moines, Iowa, for \$37,300. The sale was made by E. D. Bower, of Payton, Iowa. This is all alfalfa land and fine as any land in the valley, and Mr. Cline will have as fine a farm as can be had in Kansas. Mr. Bunyan has made a neat fortune off this land in the last eight years.

ELEVATOR MATTERS

Kansas Grain Company May do a Big Business From Dodge City.

Means A. Russell, L. J. Pettijohn and Geo Groberty went to Hutchinson Tuesday and called on the Kansas Grain Company to learn what that company expects to do here in the elevator line. They were informed that the Kansas Grain Company has contemplated spending considerable money in Dodge City in building. The company desires to make Dodge City an important station in its line of Elevator towns. The purpose is to handle all western and south western shipments from this point.

The present delay appears to be caused over an argument as to who should build the switches, the Grain Company or the railroad.

It is a matter of business for both the Grain Company and the railroad to get the elevator and distributing point located here, and it looks like the matter could be settled without much more delay.

Dodge City is determined that ample elevator facilities shall be furnished Ford county wheat raisers for next year's crop. If the Kansas Grain Company does not build, other arrangements will have to be made. The committee that called on the Grain Company Tuesday will try to get some definite information in the near future.

May Live 100 Years.

The chances for living a full century are excellent in the case of Mrs. Jennie Duncan, of Haynesville, Me., now 70 years old. She writes: "Electric Bitters cured me of Chronic Dyspepsia of 20 years standing, and made me feel as well and strong as a young girl." Electric Bitters cure Stomach and Liver diseases, Blood disorders, General Debility and bodily weakness. Sold on a guarantee at Rath & Bainbridge, drug store. Price only 50c.

GEO. GINGRICH KILLED.

Met With Fatal Accident in Los Angeles This Morning

George Gingrich, son of Mr. and Mrs. S. R. Gingrich, was killed in Los Angeles, California, this morning.

This sad news was wired by the young man's father today, to W. J. Fitzgerald. George has been employed in a large mattress factory in Los Angeles, since leaving here several months ago. No particulars of the accident have been learned here yet.

Mrs. Gingrich is still in Dodge City, and the message telling of George's death was sent to Mr. Fitzgerald so that the terrible news could be told to her.

Mr. Gingrich went to California some weeks ago.

George was about 24 years of age and was a young man who was much respected by all who knew him.

The news of his sudden death will be deeply regretted by the entire community.

DATE IS MARCH 15

For the First Convention in the Diminished Seventh District.

The Republican committee of the Seventh Congressional district met in Hutchinson on Tuesday January 30, and called a convention for March 15th. There was a good attendance of committeemen present. The convention will be held in Hutchinson.

Herbert J. Porter of Larned was elected chairman of the committee and John G. Parker Jr. of Harper, secretary.

Mr. Sutton the committeeman from Ford county attended the meeting. The convention will be of particular interest to Ford county as this county expects to furnish the next congressman from the Seventh district.

The majority of the counties in the district have shown a great interest in Judge Madison's candidacy and the delegations will go to the convention with about the same marked enthusiasm as the Ford county fellows.

Who Started This?

"Understand County Warrants are not worth their face value. Is this true?" This statement and inquiry was received by County Clerk Conaway yesterday. There is no foundation for such a report. Ford county warrants are a cash article and worth 100 cents on the dollar, and it may be added that they will remain that way as long as the present board of county commissioners are managing affairs.

FOUR FIREMEN KILLED

Sunday Was a Fatal Day on Santa Fe, Frank Gibson Among Number.

Four Santa Fe firemen were killed on last Sunday. Frank Gibson a well known young man of Dodge City and a son of Thos. Gibson of this place was among the number.

At Offerle a side-rod became detached and stripped the engine. Fireman Gibson was struck by the rod and instantly killed. He was struck upon the side of the head. His skull was crushed and the blow extended downward breaking his jaw bone a little to one side of the chin. The engineer escaped injury. Later in the evening the young man's body was brought to his home in Dodge City.

The same night Fireman J. M. Sheldon was killed east of Offerle.

The second fatal accident was caused by the engine boiler exploding. Fireman Sheldon had just started to put some coal in the fire when the explosion occurred. Both ends of the boiler were blown out. Burning cinders were imbedded in the side of Sheldon's head. It was after night and the lights went out with the explosion. The head brakeman was on the engine at the time. The engineer asked "Are you hurt?" The brakeman answered he was all right. Then one of them struck a match and they found the fireman was dead.

Sheldon's home was at Arkansas City. The engine on which he lost his life seems to be an ill-fated affair. The boiler of this same engine exploded some time ago at La Junta, and once before at Walton.

The same night a fireman who was running between Newton and Emporia was killed, and another Santa Fe fireman was killed west of La Junta.

Representative Kinnison of Garden City was in Hutchinson on last Tuesday and practically closed a deal for the three miles and the two 1492 model street cars owned at that place. Mr. Kinnison will ship them to Garden City where he will operate a multiple street railway system. He is also negotiating for the purchase of the two ante-diluvian street cars now owned at Garden City and used as twin hen-houses by Mr. Holmes. He will have the Holmes cars whitewashed and add them to the system so that he will have car room enough to carry the entire population of Garden City at one trip. Daily excursions will be run to the Santa Fe depot to see the trains go by.

RAILROAD TALK

Committee Visits Topeka—Reported Santa Fe Has Bought Bucklin Branch.

The committee from the Commercial club that visited Topeka Monday saw Mr. Hurley and had a talk on Dodge City matters. They also saw some of the Rock Island officials, and expect to have some definite information soon regarding railroad matters which effect Dodge City's interests.

On this trip they first heard the report that the Santa Fe has a deal on to buy the Rock Island branch between here and Bucklin. This report has not been substantiated but it seems probable at this time.

The following story of the reported deal was published by the Wichita Eagle yesterday morning.

The report that the Santa Fe has purchased the short branch line from Bucklin to Dodge City, from the Rock Island, has revived the interest in the proposed extension of the Denver, Elgin and Gulf from Kiowa to the western part of the state. The Santa Fe have already announced that the line would be built from Kiowa north to Medicine Lodge, and that the Medicine Lodge branch would be extended on to a connection with the Colorado line at Dodge City. By purchasing the Bucklin stub line, the Santa Fe have procured a part of this line.

The Medicine Lodge line will be extended to Bucklin and there a connection made with the line recently acquired. This will give the Santa Fe another connection from the Galveston line to the Colorado line, tapping the coming California line at Kiowa.

It also revives the rumor that the Rock Island would purchase the Wichita and Western of the Santa Fe. It is improbable that the Rock Island would transfer the Bucklin-Dodge City line to the Santa Fe unless they in turn received a concession in return. It is a known fact that the Rock Island is desirous of purchasing the Wichita and Western, and it has also been demonstrated that the Santa Fe did not wish to dispose of the road.

Owing to the fact that the Bucklin line would be a better property for the Santa Fe as a connection of the extensions of the Denver, Elgin and Gulf, than the Wichita and Western, so agreement on the part of the Santa Fe to sell the line to Pratt to the Rock Island, is not at all unlikely.

ANOTHER ELEVATOR

Air Seems to be Full of Them if They Would Only Light Down.

It is reported here that Mr. Moses of the big milling firm of Great Bend has decided to put in a large elevator in Dodge City. The report heard by the writer was that Mr. Moses told this to conductor Roush a few days ago.

It is known here that the Moses firm have wanted an elevator site here for the past year, but it seems that they could not get the location from the Santa Fe road desired.

Public Sale.

I will offer for sale at public auction at my farm 4 miles south and 1 mile west of Offerle, on Thursday, February 15, 1906 at 10 a. m. sharp the following described property: Fourteen horses; 5 work horses; 2 colts, coming 2 years old; 2 fillies, coming 1 year old. 61 head of cattle: 10 stock cows; 9 steer calves; 2 short horn yearling heifers; 15 milk cows 8 with young calves; 6 yearling steers; 7 heifer calves; 6 yearling heifers; 3 short horn cows; 1 short horn bull calf; 1 short horn heifer calf; 1 dbl-standard polled Durham bull, 3 years old, 1 DeLaval separator; 8 milk cans.

Farm machinery: 17 ft. McCormick blower, with truck; 10 ft. Jones header; 1 header barge; 1 5 ft. McCormick mower; 1 lift rake; 1 12 disc Fuller—Lee drill; 1 John Deere riding cultivator, 1 balance frame walking cultivator, 1 disc harrow, 1 knife lister cultivator, 1 Canton lister, 1 11-horse corn planter, 1 Cassidy sulky plow, 1 Ole Olson sulky plow, 1 12 in. walking plow, 1 breaking plow, 1 3 section steel harrow, 1 corn sheller, 1 fanning mill, 1 corn harvester, 2 farm wagons, 1 iron wheel low wagon, 1 top buggy, 1 light wagon, 1 cart, 1 bone mill 4 sets double work harness, 1 single buggy, 100 chickens. All household furniture, and other articles too numerous to list.

If not paid when due ten per cent will be charged from date of sale. Five per cent discount for cash on sums over \$10. A free lunch will be served. F. R. WINTNER, Proprietor
G. M. CURTIS, Auctioneer.

To Cure a Cold in One Day.

Take Laxative Bromo Quinine Tablets. All druggists refund the money if it fails to cure. E. W. Grove's signature is on each box. 25c.

FARMING IN FORD

Has Been a Paying Business and the Profit is Increasing.

Recently the Globe Republican published a statement about Mr. Mayrath's farming records, whereby he knows exactly how much profit there is in his wheat raising. This piece referred to was copied by other papers, appearing finally in the Kansas City Journal and papers still further east, and has no doubt caused a good many farmers to adopt a similar system.

Mr. Mayrath has since upon request of the Globe Republican furnished a statement which is given below. It should be noticed that he allows himself pay for all work done and other expense, the same pay that he could hire men for to conduct his farming.

Here are Mr. Mayrath's figures:

In 1892 ten acres only were in cultivation on the quarter given in this report. In 1893, thirty acres, in 1894 sixty acres, in 1895 eighty acres, 1896 to 1898, 100 acres, and 1900 and 1901, 125 acres. In this time there were two complete failures, but the crops for this term of years not only paid me wages for all work done, and for expenses incurred but yielded a clear profit of \$1,788.60.

YEAR OF 1901.

Southwest section 6, township 27, range 25, 145 ac. in cultivation.
Tax is on this land, about \$12.00
Interest on land, valued at \$600.00 at 7 per cent 42.00
Plowing 75 acres, at \$1.00 75.00
Harrowing part only 21.00
Seed for 145 acres, at 60c. 87.00
Cutting and stacking 145.00
Hauling to market, 2140 bu. 43.00
Threshing 2140 bu., at 7c. 149.80
Total expense \$561.80

Income from sale of 2140 bu. wheat at 68c. \$1455.20
Straw sold 100.00

Total income \$1555.20
Less expenses 561.80

Profit for season 1901 \$993.40
Profit from before 1901 1787.50

Total so far \$2780.90

YEAR OF 1902

Profit since 1892 \$2780.90
Interest on money invested in above land, value \$700, at 6 percent 42.00
Taxes on above land 7.31
Plowing 30 acres, at \$1.00 30.00
Seed wheat 145 bu. 87.00
Drill and seeding 48.75
Harvesting and stacking, actual cost 92¢ per acre 145.00
Threshing and hauling to market 78.75

Total expenses \$433.81
Income from 825 bu. wheat at 55c. 453.75
Value of straw 20.00

Total income \$473.75
Total expenses 433.81

Profit for year \$39.94
Previous seasons 5780.90
Season of 1902 39.94

Total to date \$2820.84

YEAR OF 1903

Taxes on above land \$6.80
Interest on land, value \$1000.00 5 per cent 50.00
Plowing 105 acres 105.00
Disking 40 acres, part once and part twice 20.00
Harrowing part of land 15.75
Seed wheat 145 bu. at 60c. 87.00
Drilling 145 at 35c. 50.75
Harvesting 145 acres at \$1.25 181.25
Cleaning up around stacks 5.00
Cost of hall insurance 46.92
Threshing 2858 bu. wheat 7c. 199.06
Hauling to market 68.40

Total expenses \$829.96
Income from hall insurance 256.00
" sale of 3198 bu. wheat 1982.14
" and value of straw 100.00

Total income \$2338.74
Less expenditures 829.96

Clear profit for year \$1508.78
Profit from before 1903 2820.84

Total to date \$4329.62

YEAR OF 1904

Interest on above land valued 1500.00 \$75.00
Taxes for year 7.05
Seed wheat, 110 bu. at 60c. 66.00
Drilling wheat, 145 acres at 35c. 50.75
Harvesting 145 acres, cost 71c. 102.85
Cleaning up around stacks 3.00
Threshing 882 bu. of wheat at 7c. 61.74
Hauling to market 21c. 22.05
Cost of hall insurance 46.40

Total expenses \$434.94
Income from 910 bu. wheat 92c. 838.10
" from hall insurance 180.00
Value of 40 tons of straw 40.00

Total income \$1118.10
Total expenses 434.94

Season profit \$683.16
Profit before 4329.62
Profit to date \$5012.78

YEAR OF 1905

Taxes on above land \$9.44
Interest on money value of land \$2000.00 100.00
Plowing 65 acres 65.00
Harrowing 60 acres, at 20c. 10.00
Seed wheat 97½ bu. 90c. 87.75
Drilling 145 acres to wheat, 35c. 50.75
Insuring against hail 60.00
Harvesting and stacking \$1.25 183.25
Cleaning up around stacks 6.00
Threshing 2665 bu. wheat at 7c. 144.55
Hauling to market 61.95

Total expenses \$778.69
Sale of wheat through L. E. Miller 2129 bu. 67c. \$1428.43
Value of straw 25.00

Total income \$1461.43
Total expenses 778.69

In Europe land is considered to be worth, what it will form in cash rent for 20 years, or during that length of time, as cash rent here in Western Kansas had not been in vogue or in practice, when I first began to keep separate account of this particular price of land, and even some of the old timers had their doubt about this being a wheat country, or if it would pay? Myself and a good many other farmers were confident, that even, the rainfall was not what we would wish it to be still we could raise wheat, and taking good, bad and indifferent seasons as they come, money could be made here raising wheat. It may be discouraging, that after putting wheat in well prepared land, at big expense and labor, and then not get any returns, or very little. But show up the farmer, who has not been making money raising wheat or other crops, and you may be sure, that farmer would starve in paradise, when his culture grows on the trees.

While in Topeka, Kan. attending the State Board of Agriculture Meetings, as a delegate from this county I was asked time and again, if the present prices of land in Western Kansas are justified. Many of our Eastern Kansas people think that because some of their land is sold at about the same figure, as our wheat land sells at, our prices were not warranted by condition or facts. They do not consider that their cheap lands are either broken in the gypsum hills or have only a few feet of soil on top, no subsoil, and not half as good as the land in this country. I told them, that the best proof was, that our land was good, rainfall ample, because four fifths of the people buying land here, move from the west half of the state, people who had lived in Kansas from 20 to 30 years, and who know what it was to farm in Western Kansas. Another proof was, that farmers in Western Kansas, with few exceptions refuse to sell but keep buying one quarter after another, one section after another to add to their holdings, and are paying spot cash for the same.

Listen to This

Frank Ridenour, agent for the Fruit Valley Nursery, of Hutchinson, Kan. Frank's health is so poor that he cannot canvas from house to house and he requests his many friends and customers to call and see him at Doolittle's Billiard Parlor. He will make that his office until the first of April, commencing Tuesday, Feb. 6, 1906, and if he is not in, leave word on the slate, and he will call on you. This nursery has been very successful in Western Kansas, because their stock is naturalized to this climate, it is worth three times the value of any eastern nursery. And our prices are one half that of any eastern nursery. And don't you forget it that the ground is in better condition than it has been for years. I ask the farmers to call and see me. We pay all freight, and there is always a permanent agent here to adjust all complaints.

Funeral Held Yesterday.

The funeral of Frank Gibson, who was killed on his engine near Offerle last Sunday night, was held from the Christian church here yesterday afternoon. He was a young man who had a great many friends and there was a large gathering of them at the funeral. The members of the A. O. U. W. lodge, of which order the young man was a member, attended in a body.

A Rare Opportunity.

"Japan from a Japanese stand point" Dr. Takasugi, of the Imperial College of Japan, a former tutor of Marshal Oyama's sons, will lecture at the M. E. Church, Friday evening, February 3rd, under the auspices of the Epworth League. Admission 25 cents.
